

Benches

Features and Versatility

- Unique and modern architectural appearance
- Tested to survive harsh climates
- Canadian made with heavy duty steel
- Ergonomic with lumbar support
- Doesn't get too hot in the summer or too cold in the winter
- Easy to install with anchorable feet

Materials

- Heavy 12 gauge hot rolled steel construction
- Frost uses Super Durable TGCI-Free Powder Coat paint on all their site furnishings products. This type of powder coating is designed for superior weatherability compared to standard TGIC polyester powder coatings. This type of paint is designed to meet the AAMA (American Architectural Manufacturers Association) standard 2603. It provides excellent exterior color and gloss retention, superior over bake resistance, and good chemical resistance. The paint is designed to withstand 1500 hours of salt spray testing and 1 year of outdoor exposure in extreme conditions.
- Bench arms are RAL Grey 7012
- **Colours available for body:** RAL Blue 5005, RAL Black 7021, RAL Green 6018, RAL Red 3001

Capacity:

- **Comfortably sits two adults.** The bench will support the industry standard 600 lbs load if properly anchored to the ground and can hold up to 900 lbs of static weight dispersed across the entire bench.
