

Outdoor Ashtrays

Ashtrays

The Justrite Heavy Duty Cigarette Butt Can and Smoker's Ceasefire® Outdoor Ashtrays offer durable and fire-safe solutions for cigarette disposal in various outdoor areas. These ashtrays are designed to keep spaces clean while reducing fire risk, and they feature robust materials for long-lasting performance in environments such as factory floors, parking lots, and building entrances.

Features

- Constructed from flame-retardant materials (galvanized steel and polyethylene) for safety and durability
- Self-extinguishing design to minimize fire hazards
- Large-capacity pails that hold between 2.5 to 4 gallons of cigarette litter
- Long neck cavities to prevent clogging and reduce maintenance
- Easy to open and empty without requiring tools
- Optional accessories for added convenience (disposable bucket liners, anchoring kits)

Benefits

- Provides a tidy and safe way to collect cigarette litter
- Reduces the risk of fire with self-extinguishing features
- Easy to maintain with simple assembly and cleaning processes
- Discourages the disposal of non-cigarette waste
- Resistant to rust, dents, and cracks, making it suitable for various weather conditions
