Window Shades

High-Resolution Custom Digital Printing on Shades
Showcase your message through large-format printing on a motorized, manual, or fixed shade with a Digitally Printed FlexShade. Our high-resolution custom digital printing service creates vibrant CMYK color reproduction for exhibits, trade shows, sports facilities, archival museum signs, and commercial and residential spaces. High-quality images are digitally reproduced with incredibly sharp details. In areas where signage is restricted, a Digitally Printed FlexShade® offers a unique solution. Logos and graphics are printed using artwork provided by you. Printing in-house provides tight control over quality and lead times. Custom color matching to Sherwin Williams and Pantone libraries, and more. Just ask us!

Product Specs
