

## Mobile Shelving

Protects valuable materials and sensitive items from loss or pilferage. Heavy duty open wire construction keeps contents visible at all times, making it easy to check inventory. Microban antimicrobial product protection is built into the enclosures, doors, handles, and shelves to keep the product "cleaner between cleanings." Double door with ergonomic 1/4-turn handle. Each door opens 270 degrees and can be secured along the sides of the unit. Shipped knocked down to save on freight costs. Assembles in minutes. Includes four 5" diameter casters. Add optional intermediate shelves for increased storage capabilities (see Frequently Bought Together section below for options). Compatible with all MetroMax i, 4 and Q shelves.

### Benefits

- Durability and Strength
- Visibility and Airflow
- Space Efficiency
- Customizability
- Hygiene and Cleanliness
- Accessibility
- Versatility
- Aesthetic Appeal
- Mobility

### Mobile Shelving Applications

- **Offices and Archival Storage:** Perfect for storing important documents, files, and records while saving space in tight office environments.
- **Healthcare Facilities:** Ideal for storing medical supplies, patient files, or medications in clinics, hospitals, and pharmacies where quick access and space efficiency are essential.
- **Libraries and Educational Institutions:** Used for storing books, media, and educational resources, mobile shelving offers easy navigation and access while minimizing floor space.
- **Retail Stockrooms:** Enables better organization and inventory control in stockrooms, ensuring products are easily accessible and organized.
- **Museums and Art Galleries:** Mobile shelving is ideal for storing and protecting artwork, artifacts, and collections that require careful handling and climate control.
- **Warehouses and Industrial Storage:** Great for heavy-duty use, storing tools, equipment, and inventory with customizable configurations to suit various needs.
